

GGSA:

Who are we?
What do we do?
How can you help?

GGSA (Geography Graduate Student Association)

- Became a recognized student organization last year (2019-2020 school year)
- Who are the officers? Who is the faculty advisor?

"The purposes of this organization are to provide students with the opportunity to enhance their academic and professional goals through student-led events and monthly meetings. Participants are encouraged to attend monthly meetings and collaborate with each other to build relationships, learn valuable leadership skills, create academic-based programs, and serve their department and fellow students when needed"
