WORK FROM HOME RESPONSE

GGSA Response to Campus Closure and COVID-19

GOOD AFTERNOON ALL-

We want to let you know that during this time of change and concern, we are here for all of you and want to make sure that we are still socializing and checking-in with one another, despite the “social-distancing” and “distant-socializing”. We are glad to have hosted a few events in-person and are working on creating virtual events for students, faculty, and staff. First, if you need any assistance, please reach out to us and we will do our best to point you in the right direction to receive the help you need. Second, we compiled resources that you may find helpful during this time. You can find them below grouped into categories. Third, we plan to have our first event next Wednesday, April 8th at 10am. This will be a virtual Breakfast Hour where we can share a cup of coffee, a scone, and personal updates in a safe and comfortable environment. Again, we voice our concern for each of you and are disappointed that we cannot hold many of the events we were planning to host, but want to ensure the safety and health of everyone! Stay vigilant and we hope that individual research, courses, etc. are still moving ahead smoothly. As always, let us know how we can assist you in any aspect of research or life and feel free to share these resources with family and friends.
