

2020-2021 GGSA UPDATES

Get caught up on everything your Graduate Student Association has been up to this past year!

HI ALL-

First, we want to wish all those who are graduating this year the best of luck! You have worked extremely hard and we are proud of you. The Geography Graduate Student Association has been busy this year- despite working completely virtually! This is our second year as a recognized student association and we are excited to see what the next academic year has to offer. We want to update the department in regards to GGSA accomplishments and ongoing outreach. Please read on to learn about our 2020-2021 virtual socials, workshops, panels, and social media updates. We were thrilled to host so many amazing events and highlight work from our students and faculty. We look forward to seeing everyone in person next school year!

GGSA created a website at the beginning of Fall 2020 with info about our events, graduate resources, past newsletters, current officers and more! Click here to check it out

GRADUATE RESOURCES

Finding resources as a graduate student can be extremely difficult, time-consuming, and exhausting. In order to ease some of the pressure of doing all the work yourself, we have compiled resources in a shared folder. The umbrella categories include funding and professional development. [CLICK HERE](#) or click on the folder icon to access the resources!

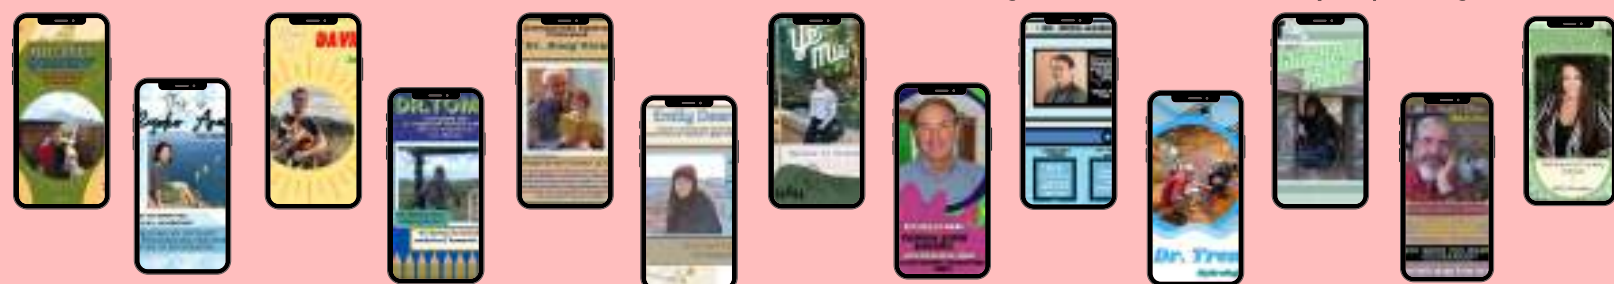

ALUMNI OUTREACH

In November, we hosted an alumni panel with over 30 participants during Geography Awareness Week. We also sent out a survey to our alumni- the results of which we turned into an infographic.

Click the infographic or [here](#) to download a copy of our Alumni Survey results!!!
